ORGANIZATION

OF THE

CITY GOVERNMENT FOR THE YEAR 1929

The last meeting of the City Council for the year 1928 was called to order in the Council Room, Monday evening, January 7, 1929, and after transacting business coming before the board, the meeting was adjourned to the Opera House where final adjournment was taken.

The meeting for the purpose of organizing the City Council for the year 1929, was called to order in the Opera House at 8.05 o'clock in the evening, January 7, 1929.

The oath of office was administered by City Clerk Goss to Mayor-elect Dennis E. Sullivan and Councilmen-elect Gardner C. Longfellow of Ward One, Alphonse Lagace of Ward Two and Ernest C. Melendy of Ward Three.

The Council was called to order by Mayor Sullivan and prayer was offered by Rev. John J. Brophy.

Mayor Sullivan delivered the following address:

Members of the City Council, Ladies and Gentlemen:

It would certainly be ungrateful on my part if I did not take this opportunity to thank the voters of the City of Franklin for the confidence which they have placed in me by electing me as Mayor of this City for the coming year. I want to extend my sincere thanks to those voters for the honor which they have conferred upon me and I hope that my administration will merit the confidence which has been intrusted in me.

At the time that I was a candidate for the office of Mayor last November, it was suggested to me by some of the citizens of this city that there wasn't any particular honor in being Mayor of Franklin, that there was

no money in the office, that it was a thankless job and other similar remarks. Now ladies and gentlemen, I hold an entirely different opinion relative to the office of the Chief Executive of my native city, and I consider it not only a great honor but also a pleasant duty to be called upon to serve in this capacity, and I believe that every citizen should consider it an agreeable duty to serve our city government in any capacity which he may be called.

I understand that it has been the custom of incoming Mayors to discuss at this time the affairs of our city government in relation to the different departments and to make recommendations concerning the same. I have very few recommendations to make at this time and I don't intend to stand up here and make a lot of promises which I may be unable to fulfill, but there is one particular point which I want to emphasize, one particular policy which I would like to see carried out during this year and that relates to economy. From my conversation with different tax-payers of the city, I am convinced that this City Council can well adopt this policy of economy as a watchword to the great satisfaction of the citizens in general.

My idea of economy in city affairs is the keeping down of expenditures to the minimum without impairing the efficient operation of the different departments. We must always bear in mind that it is the tax-payers' money that we are spending, and I hope that the members of the City Council of 1929 will convince the tax payers of this city that they are just as careful in spending the tax payers' money as they would be in spending their own money. It is not my intention to criticize any past administration, but it does not seem proper to me to have the City Council make up a budget each year for the different departments, allotting a limited amount of money for them to spend during the year and then have different departments spend considerable more money than has been allotted to them. It has come to my attention that last year practically every City department overdrew its

appropriations, and while in some instances it was unavoidable, I believe that in many cases it was unnecessary, and I trust that the heads of the different departments will make a special effort this year to see to it that their appropriation will not be overdrawn. I hope that they will keep a careful check on all expenditures.

I have been informed that our city debt is approximately \$250,000, to be exact \$250,263.03, and you can readily see that the interest on this amount is quite a substantial sum. I should like to see this debt materially decreased along with a saving of interest money. Of course I do not want to appear unprogressive as I have taken great pride in the progress our city has made in recent years. I am proud of the high standing of our schools, our excellent roads, our efficient fire and police departments and our various other departments, and I do not want to be counted as opposing this line of progress, but let's all get together and see if we can't in some way save some money for the tax-payers of this city in the administration of some of these different departments.

It is quite apparent that we need a new high school building and some would build a new fire station, and it is possible that it may be necessary in the near future to build a new bridge across the Pemigewasset river to take the place of the old Republican bridge. Any one of these projects would entail considerable expense to the city and I trust that the members of the City Council, in the event that any of these matters are brought before them will give them most careful attention and study, having uppermost in mind the fact that our debt is quite large.

In my mind there is one branch of our city affairs which must be given our best attention and that is education. The education of our boys and girls must not be neglected and it is our duty to see to it that they are properly supplied with adequate school facilities and for that reason I certainly would be in favor of a new high school building provided it can be assured to us that it will not be too burdensome to the tax-payers.

We have heard considerable talk about the probability of the tax rate being increased this year because of obligations which must be met including some of which were handed over from last year. Now members of the Council, I hope that you will be able to administer the affairs of this city this year in such a manner that an increased tax rate may be prevented. I feel sure that if you are able to accomplish this you will receive due credit from the citizens of Franklin.

I trust that all our relations will be most friendly and cordial and that harmony will prevail at our meetings and that we all will work together with one common purpose in view and that is to give this city a good economical administration.

CITY GOVERNMENT

CITY COUNCIL

Mayor

Elected annually on the fourth Tuesday of November. Salary \$200 a year.

DENNIS EDWARD SULLIVAN

Councilmen

Elected by wards for three years. One member from each ward elected on the fourth Tuesday of November annually. No salary.

	Term Expires.

HIGHWAY DEPARTMENT

HIGHWAY COMMISSIONER'S REPORT

To the Mayor and City Council of Franklin :

I herewith submit the annual report of the Highway Department for the year 1929.

During the year 1929 a new shed, 28x50, has been built for storage purposes. The roof of the city stable has been covered with corrugated iron.

The equipment is in good condition, although some of it is a little out of date.

Bridges

The abutment at Beaupre's bridge was relaid, also one at the bridge at Webster lake. A cement abutment was built at the bridge at Giles' pond. A new bridge was built across Punch brook on the road by the Irvin place.

Trunk Line Maintenance

The Andover road was patched and a coat of tar and sand applied.

State Aid Maintenance

The New Hampton Road was patched and a coat of tar and sand applied from Cate brook to the Sanbornton town line.

The Hill Road

From the north end of the cement road to the Hill town line was patched, and a coat of tar and sand applied where needed.

State Aid Construction

Salisbury Road

Three thousand and seven hundred feet of gravel road was built with necessary culverts, guard rail, etc. This

finishes the gravel from the D. W. Highway to the Daniel Webster Birthplace.

A treatment of tar and sand was given all the gravel that had been laid before this year, making a very good road to the Birthplace.

The following streets were treated with Tarvia B and sand:

Shannon road, 2,112 feet; Dole road, 2,200 feet; Sanborn Hill, 2,640 feet; Proctor street, 600 feet; Park street, 1,200 feet; Pearl street, 1,034 feet; Maple street, 723 feet; Chestnut street, 1,130 feet; Charles street, 645 feet; Clark street, 1,400 feet; Kendall street, 854 feet; Dearborn street, 684 feet; Cross Mill Road, 1,276 feet; Monroe and Pearl Place, 1,185 feet; Anderson Avenue, 660 feet; Salisbury street, 800 feet; Sanger Court, 200 feet; Webster Lake, east and south, 5,488 feet; Webster street, 1,200 feet; Pleasant street, 10,560 feet; Terrace Road, 1,010 feet; Myrtle Avenue, 307 feet; Pine street, 450 feet; Orchard street, 300 feet; Highland Avenue, 1,100 feet; Prospect Hill, 800 feet; Prospect street, 3,600 feet; Poplar street, 500 feet; View and Stone Avenue, 2,025 feet; Winnipiseogee street, 750 feet; School street, 1,650 feet; Railroad Avenue, 2,200 feet; Edmunds Court, 400 feet; Grove street, 325 feet; Elkins street, 750 feet; West High street, 550 feet; Church street, 200 feet; Ayles Court, 100 feet; Franklin street, 300 feet; Memorial street, 300 feet; Canal street, 300 feet.

New Gravel Streets Built in 1929

Salisbury street, 1,800 feet; Nelson street, 2,100 feet; Chestnut street, 840 feet; Thompson street, 1,200 feet; Glenwood Avenue, 1,700 feet; Rayno Road, 2,650 feet; Webster Lake, West, 1,700; Webster Lake, West, repairing, 1,500 feet; Grove street, 220 feet; Willow street, 410 feet; Pearl street, 950 feet; Lancaster street, 600 feet; New Boston Road, 1,587 feet; Davis street, 600; Dole Road, 1,140 feet.

Sidewalks

New concrete sidewalks were built on Central, Edmunds, Elkins, Grove, Railroad, West Bow, Russell, Smith and Sanborn streets.

Re-coating was done on Central, School, Church, Franklin, Grove and Elkins streets and Cheney Hill.

Concrete gutters were built on Cheney Hill and Smith street.

The outside roads were all worked with the road machine and put in good condition. Brush has been cut on many of the outside roads.

In closing, I wish to thank the Mayor and the Highway Committee for their co-operation and advice.

NED BUNTON, Commissioner. *

**Auto Trucks, Horses, Carts, Tools, Etc., in Highway
Department as Estimated December 31, 1929.**

1 Maccar Truck	\$1,000 00
1 Mack Truck	2,000 00
1 Reo Truck	400 00
4 Chevrolet Trucks	1,800 00
1 Chevrolet Truck	300 00
2 Ford Trucks	200 00
5 Horses	600 00
3 Two Horse sleds	75 00
1 One Horse sled	15 00
3 Two Horse carts	220 00
1 Garbage wagon	50 00
1 Street sprinkler	125 00
2 Road machines	400 00
3 Snow rollers	50 00
7 Snow plows	210 00
1 Mud scraper	40 00
1 Macadam harrow	10 00
2 Plows	20 00
1 Street sweeper	10 00
5 Road drags (wood)	50 00
1 Road drag (iron)	15 00
2 Sets double harness	80 00
Extra parts harness and collars	30 00
Sulphur, ginger, etc., for horses	2 00
Curry combs, cards and brushes	3 00

Central Fire Station

One American LaFrance Triple Combination Truck, 1 Mack City Service Hook and Ladder Truck. There is at the Central Fire Station 2,500 feet of 2½ inch hose in good condition.

Hose 3, Central Street, Opposite Paper Mill B

One hand reel with pipes, wrenches, spanners and 400 feet of 2½ inch hose.

Pony extinguishers to be used by any person for fire purposes in the vicinity of the places of keeping, are in the following places: City Hall four, Franklin passenger station one.

We have on Hose No. 1, 500 feet of hose.

We have on the American LaFrance Triple Combination Truck, 1000 feet of hose.

We have on the Mack City Service Hook and Ladder Truck, 500 feet of hose. Also a collar pump.

We have 2500 feet of extra hose but only 1000 feet in good condition.

Recommendations

We recommend the purchase of new fire hose and fire alarm boxes; also chimney fire truck.

HARRY E. COLBY, Chief,

JOHN E. CUNNINGHAM, Ass't and Clerk,

LESLIE BOOMHOWER, Ass't,

Regulations of the Franklin Fire Department

Adopted December 20, 1909.

Section 1. The fire department of the City of Franklin shall be composed of a chief engineer, first assistant engineer, second assistant engineer, and a superintendent of fire alarms, who shall each be appointed by the city council; combination chemical and pumper company to consist of fifteen men, one hose company to consist of ten men and one hook and ladder company to consist of fifteen men.

Section 2. The chief engineer and two assistant engineers shall constitute a board of engineers and shall exercise the power of firewards.

Section 3. The chief engineer and each assistant engineer shall hold his office and perform his duties until his successor takes his oath of office.

Section 4. The City Council, for cause, after hearing, may remove from office the chief engineer or any assistant engineer.

Chief Engineer

Section 5. The chief engineer shall have sole command over all persons present at fires whether members of the fire department or not.

Article 1. He shall direct all proper measures for extinguishing fires, protecting property, preserving order at fires, and enforcing laws, ordinances and regulations regarding fires.

Article 2. He shall have charge of and examine into the condition of all fire apparatus, fire alarm system, houses and all fire department property and shall cause needed repairs to be made under the direction of the committee on fire department of the City Council.

Article 3. He shall certify all pay rolls and bills against the department and shall be responsible for the care of all property connected with the fire department.

Article 4. In the absence of the chief engineer the next engineer in rank, who may be present, shall have power to perform the duties of the chief engineer.

Board of Engineers

Section 6. The board of engineers shall inspect and make themselves familiar with all shops, factories, hotels, tenement houses, public buildings, halls, churches and schoolhouses once a year, and study the location of all hydrants and generally inform themselves in all matters pertaining to their duties.

Article 1. They shall have control of all persons appointed to serve in any company of the fire department and shall have power to direct and control the labor of all persons present at a fire.

Article 2. They may from time to time make and enforce such regulations for the government of the department as they deem proper.

Article 3. They may establish such regulations respecting public safety, kindling, guarding, safe keeping, prevention, and extinguishment of fires, and for the removal of combustibles from any place, and the keeping or storing of explosives, as they think expedient, which shall be signed by a major part of them, approved by the Council and recorded by the city clerk, and attested copies posted in two or more public places in the city thirty days before they shall take effect.

(a) Penalties not exceeding ten dollars for each offense may be prescribed for breach of such regulations and such regulations shall remain in force until altered or annulled.

Article 4. They shall examine the qualifications and fitness of all applicants for membership in the department and no person, whose application has not been approved by a majority of the board of engineers, shall become a member of the company.

Article 5. At the first meeting in each year, after the qualification of the engineers, they shall proceed to elect, by a majority vote, a clerk of the board of engineers, a captain, a lieutenant and a clerk for each company, each of whom shall hold office until his successor is elected.

Article 6. Any member of any company may be dismissed from the department or from office in a company by two-thirds vote of the board present.

Article 7. They shall in conjunction with the annual report of the chief engineer, make recommendations as to the needs of the department.

Article 8. Every engineer shall cause any fire deemed by him to be dangerous, in any street or elsewhere to be extinguished or removed.

Superintendent of Fire Alarm

Section 7. The fire alarm system shall be under the control of the chief engineer, with direct supervision by a superintendent of fire alarm, who shall be elected by the Council.

Committee on Fire Department

Section 8. Article 1. They shall direct all repairs of the houses, fire alarm system, and fire apparatus.

Article 2. They in conjunction with the board of engineers shall hold meetings on the last Wednesday of each month.

Adopted December 5 and 19, 1910.

Amended May 20, 1918.

1. That the salary of the chief engineer be \$150 a year and 75 cents per hour for actual service at fires. It is understood under this arrangement that he shall not put in any time except for fires.

2. That the number of assistant engineers shall be two, and that the salaries of each shall be \$50 per year and 75 cents per hour for actual service at fires. Also that two alternates from the regular force be appointed by the chief engineer on January 1, to serve in absence of assistant engineer at a proportionate salary.

3. That the clerk of the Board of Engineers shall receive a salary of \$15 per year for his services.

4. That the members of the various companies shall each receive a salary of \$25 per year and 50 cents per hour for all services.

5. That the Superintendent of Fire Alarm shall attend to all repairs on the fire alarm system.

Under this head it is understood that he shall at all times keep the line clear of trees and branches and other obstructions and shall not receive extra pay except for manual labor; that he shall attend to the winding of all clocks and see that the house man at the Central Fire Station takes proper care of the storage batteries and switch board; and he shall see to the procuring of supplies for the whole system through the purchasing agent, with the approval of the chief engineer and fire department committee.

New Schedule Effective April 1, 1929

Chief Engineer, salary of \$250 per year for all services in the City of Franklin. If called out of the City the engineer shall receive 75 cents per hour, if the City receives pay for same.

Assistant Engineers, flat salary of \$150 per year.

Captains of Companies, salary \$75 per year each, and 50 cents per hour for all services.

Members of the several companies, salary \$50 per year, and 50 cents per hour for all services.

Clerks of Companies, salary of \$10 per year each.

Janitor of Hose Company, No. 1, salary \$20 per year.

Balance to City Treasury	\$634 75

Respectfully submitted,

EDWARD L. WELCH, Clerk.

REPORT OF PROBATION OFFICER

To the Honorable Mayor and City Council:

During the past year no juveniles were placed on probation to your officer. Several complaints against minors were investigated, but no court action recommended.

At the request of the Department of Correction, Commonwealth of Massachusetts, your officer is hearing stated reports of a probationer now residing in this district.

Two cases of non-support, involving non-resident parents, were investigated, and adjustments made.

Your officer has the name of a reliable person who is willing to take one or two children to board. He will be glad to confer with any parties interested.

Your officer would humbly suggest to the Honorable Mayor and City Council, a consideration of the possibility of supervised play at Odell Park during the coming summer months. Such an undertaking would be beneficial to the physical and mental health of the childhood of our city. The various organizations of our community might be sufficiently interested to share the cost with the City government.

Respectfully submitted,

WILTON E. CROSS, Probation Officer.

POLICE DEPARTMENT

1929.

BOARD OF HEALTH

The Board of Health respectfully submits the following report for 1929:

Contagious diseases reported for which disinfecting was necessary, tuberculosis 2, scarlet fever 2, diphtheria 1. A few cases of measles were reported with no deaths.

The total number of deaths the entire year exclusive of still borns was 71. The number of bodies brought here for burial from other places was 43. The dairies of the milk men have been inspected periodically with a man from the State Board of Health with the idea of getting the best possible milk for Franklin.

In concluding this report we wish to thank the Honorable Mayor and Councilmen for their hearty support given us in the performance of our duties.

W. E. SMITH, M. D.,
W. S. STEWART,
Board of Health.

ODELL MEMORIAL ARCH FUND

Vote passed April 7, 1913

That, the City of Franklin hereby accepts the sum of two thousand dollars given to said city, March 3, 1913, by Mrs. Herman J. Odell, same to be known as the "Odell Memorial Arch Fund," and said city hereby contracts and agrees with the said Mrs. Herman J. Odell, her heirs and assigns, to pay four percent interest annually on said sum, said interest to be expended by duly authorized agents of said city for the following purposes only, to wit:

First. For the care and repair of the Odell Memorial Arch.

Second. For the lighting of said arch.

Third. Balance for the care of the Odell Park.

It is further voted that a copy of this vote of acceptance and contract shall be printed annually in the city reports.

Approved.

W. W. EDWARDS, Mayor.

**Extract From the Will of Sarah Davison of
Sanbornton, N. H.**

“To the City of Franklin, N. H.:

“I give the sum of two thousand dollars in trust, the income to be expended under the direction of the Trustees of the Franklin Cemetery in the general care and improvement of said Cemetery.”

Dated November, 1916.

**Report of the Condition of Trust Funds Held By the
Franklin Cemetery Association.**

Revised public laws of the State of New Hampshire 1926, Chapter 56, Page 229.

Section 11. Cemetery corporations and the trustees of towns, or other officers having lawful charge of cemeteries, may take and hold funds in trust, to apply the income thereof to the improvement, watering or embellishment of the cemetery, or to the care, preservation or embellishment of any lot or its appurtenances.

In accordance with the above section, the Franklin Cemetery Association at the annual meeting held May 2, 1925, appointed a Finance Committee of three members "whose duties shall be to receive, hold and invest funds, and supervise expenditure thereof, which may be given to the Association in trust, the income of which shall be expended for care of lots or the general improvement of the cemetery."

MARY J. COLBY FUND

In the year of our Lord one thousand nine hundred and thirteen.

A resolution relating to the Mary J. Colby Fund.

Resolved by the City Council of the City of Franklin as follows:

Whereas, By the terms of the will of the late Mary J. Colby, the sum of ten thousand dollars has been given to the City of Franklin, N. H., in trust, the income to be used annually for the support of the poor of said city, and the principal to be known as the Mary J. Colby Fund:

Be it Resolved, That the City of Franklin, N. H. in accepting said trust fund hereby votes that same shall be deposited by the Treasurer of said city as follows, to wit: That the sum of five thousand dollars shall be deposited to the credit of the City of Franklin, in the Franklin Savings Bank of Franklin, N. H., *(and the sum of twenty-five hundred dollars shall be deposited to the credit of the City of Franklin in each of the following named banks to wit: New Hampshire Savings Bank and Merrimack County Savings Bank, both of Concord, N. H.), to be known as the Mary J. Colby Fund, and that the annual interest or dividends paid by said banks on said deposits shall be expended for the benefit of the poor of Franklin, N. H., by an agent who shall be elected by the City Council of said city of Franklin, for a term of one year, and that said agent shall annually make a return to said city of the names of the persons assisted and the amounts to each, but that said names shall not be included in the list of paupers, or published.

Approved, W. W. EDWARDS, Mayor.

Passed September 8, 1913.

*Enclosed clause repealed February 6, 1922.

That part of the above resolution relating to "an agent who shall be elected by the City Council" was repealed September 13, 1915, and trustees appointed under provisions of Chapter 162, laws of 1915.

February 6, 1922. Amended by authorizing the Trustee of Trust Funds to withdraw said money and invest same in the Bonds of the City of Franklin.

LIBRARIAN'S REPORT

To the Trustees of the Franklin Public Library:

The Library has been fortunate in receiving several notable gifts during the year. The permanent fund has been increased by \$1,000 from the estate of Mr. A. W. Sulloway, and by the same amount from that of Mrs. Mary B. Daniell.

The West bank of the lawn was re-graded with a more gradual slope, hundreds of loads of clean loam and many square yards of sod being used. The granite retaining wall, which threatened to fall into the river was re-laid, and two feet of granite blocks added. Shrubs were planted in front of the building, and the hedge furnished with new plants where needed. This was all a gift to the Library from a private individual.

The Hall has been newly decorated, and the roof fixed. The chairs have been rebuilt and strengthened and several other pieces of furniture repaired.

The Parent-Teacher Association, the Woman's Club and several individuals have given various sums for the purchase of books.

The cost of caring for the grounds has increased this year for the reason that the lawn about the flag-pole across the street from the Library, and the river-bank along Central Street have been mown whenever the lawn has been cut. This has been a great civic improvement, but it increased the cost of maintenance.

The Library of Music, given by Mr. Walter A. Hancock, comprising 143 different publications and nearly 200 volumes, will be of great value to students of music.

A beautiful painting by A. Gaussen, representing the Iles d'Hyeres on the Mediterranean, was given to the Library, and is now hanging in the Delivery Room.

Children's Book Week had the largest attendance in its history, 837 names being registered. The Woman's Club, the Girl Scouts, and Mrs. Charlotte Keith Bissell, a former librarian of Los Angeles as publicity director, were largely responsible for its success.

The following statistics of circulation will prove the usefulness of the Library as a lender of books.

Statistics for the Year 1929

Books added by purchase during the year	886
Books added by gift	260
Federal, State and Town documents added ...	2
Number of volumes added by binding	4

Added	1,152
---------------	-------

Replacements and books for very small children are not included.

Number of newspapers currently received	6
Number of magazines currently received	54
Number of volumes of non-fiction lent, adult	6,765
Number of volumes of non-fiction lent, juvenile	3,576
Number of volumes of fiction lent, adult	41,369
Number of volumes of fiction lent, juvenile ...	10,803
Number of unbound magazines lent	1,153

Total circulation	63,666
-------------------------	--------

Making a per capita circulation of 10.38.

Respectfully submitted,

MRS. BARRON SHIRLEY.

RATES

All customers are supplied through meters. The minimum charge is seven dollars and fifty cents per year, which entitles the consumer to 2,000 cubic feet during the year. Rentals are collected quarterly. For the first 1,000 feet or less in each quarter the charge is $37\frac{1}{2}$ cents per 100 feet; for the excess over 1,000 feet used each quarter 25 cents per 100 is charged. Upon all quarterly bills exceeding \$12.50 a discount of 25 per cent of the excess over \$12.50 is made.

No charge is made for private hydrants or for automatic sprinkler service.

WILLIAM A. DUSSAULT, Treasurer.

BOARD OF EDUCATION

To the City Council of the City of Franklin:

The Board of Education of the City of Franklin herewith submits the report of the Franklin School District for the year ending December 31, 1929, it being the twenty-ninth in the series of similar reports. The Board has directed its effort to the points of greatest need in the line of improving the physical equipment as evidenced by the music room in the High School Building and the dressing rooms and showers in both High School and Junior High. We hope, in 1930 to provide space and equipment in the High School Building for the cooking lessons and hot lunches. The financial report shows how the school appropriation has been expended; the returns on this expenditure are discussed in the reports of Superintendent Libbey, Headmaster Kendall, Principal Rowell and department heads.

Respectfully submitted,

MARGUERITE T. CLIFFORD,
JAMES B. WOODMAN,
CHARLES E. DOUPHINETT.

BOARD OF EDUCATION.

SUPERINTENDENT'S REPORT

To the School Board of Franklin.

Because of many inquiries made concerning the program of studies in the Franklin Junior and Senior High Schools, and because of misunderstandings about methods of ranking and the requirements for graduation, and because of misrepresentation of the record made by graduates of the high school in college, the greater part of this report and those of the principals will consider these particular things and endeavor to explain them.

I call attention to the program of studies printed on another page, which shows six years of work required—three in junior high and three in senior high. It shows five courses offered, and the subjects taught in those courses.

The five courses are as follows: Latin or College Preparatory; Latin-Scientific; Commercial; Domestic Arts and Mechanic Arts.

It will be noticed that the work of the seventh and eighth grades in the junior high is practically the same for all courses. The courses of these two years are in the nature of try-out courses; this means that from the subjects offered, the teacher by the end of the second year should be able to determine in which of the courses the pupils' natural interests and inclinations indicate they were apt to be most successful.

For example: a boy studying Latin, English and Mechanic Arts the first two years might prove himself a poor student in the languages, but an excellent one in wood work. He should therefore be directed toward the Mechanic Arts course. A girl might show decided aptitudes toward commercial branches and be advised to take the commercial course.

This process of "try-out" is not infallible but on the whole has proven itself quite satisfactory in choosing the right course for any particular pupil.

The first three years, (seventh, eighth and ninth grades) require five units each to complete: by a unit is meant one

subject taken four times a week in a period of at least 45 minutes duration with five subjects required.

In the first year, for instance, English recites four periods per week for the year, 36 weeks; a pupil successfully completing English gains one unit. So with Arithmetic, United States History, Latin or French or Commercial Geography, each would give a unit.

General Science and Manual Training for the boys and General Science and Domestic Arts for the girls with three periods each per week, together gain a unit and make up the five subjects required in that year. This arrangement holds for the first three years. Attention should be called however to the fact that in the third year, ninth grade, cooking and mechanic arts work require four recitations a week of at least 90 minutes' duration. These are called unprepared subjects; that is, subjects that from their very nature, require no preparation before entering class and hence require double class time.

At the beginning of the fourth year, which would be the first at the high school building, and continuing through the high school, the basis of the unit becomes four subjects taken five periods a week instead of five subjects taken four periods a week as in the junior high. (See Headmaster Kendall's report.)

Beginning with the fourth year, in each course where more than four subjects are named, these words will be found—"Elect One" or "Elect Two". These mean that in addition to certain *required* subjects of that course a choice of *one* other subject is given if three subjects are required; a choice of two other subjects given, where only two are required.

For example: in the fifth year, Latin Course, the subjects above the line are required in that course, English, French and Latin. Below the line are given four subjects from which one may be chosen to make the fourth subject required that year.

In the Domestic Arts Course of the fourth year, English and Domestic Arts subjects are *required*, and a choice of two other subjects from the six offered.

A study of the program will show, that English, History,

Civics, Science and some Mathematics are required in all the courses. That no matter what course you take, with the exception of the Latin Course, an opportunity is offered to elect almost any subject offered in any other course before the high school is completed. For example a pupil taking either the Commercial, Latin-Scientific, Domestic Arts or Mechanic Arts course, may not have taken French in the junior high school; opportunity is offered to elect that subject in the first year of the high school.

The Roman numerals I, II, III, etc., will be noticed after certain subjects, as Latin I, French II; these designate the study year of the subject.

For example, Latin I would mean the first year of Latin; French II the second year of French; English VI the sixth or senior year of English, etc.

To complete the junior high school course of three years, 15 units are required, that is; five subjects a year taken four periods each week.

To complete the three year high school course requires 12 units, that is: four subjects a year taken five periods each week. To graduate, a pupil must have earned 17 units: five in the ninth grade and twelve in the high school grades.

The required rank for passing any subject is 70 percent. This is mainly determined from daily recitations, subject examinations and standard mental and achievement tests. An explicit explanation of the method of ranking adopted will be found in the report of Principal Rowell.

Records of Graduates Continuing Education

The past five years, 1924-28 seventy-three graduates of the high school have continued their education either in college or normal school (44 in college, 29 in normal school).

The colleges represented are Boston University 4, Brown 2, Wellesley 1, Dartmouth 2, Simmons 1, University of Texas 2, Northeastern 2, Tufts 1, Mt. Holyoke 1, West Point 1, Notre Dame 1, Vermont University 1, University of New Mexico 1, Indiana University 1, University of New Hampshire 23.

To Keene and Plymouth Normal schools have gone 29. Three have gone to special schools in Indiana, Stockholm, Sweden, and General Electric in Lynn.

From the class of 1924, nine went to college, seven to normal schools. From the class of 1925, eight to college, ten to normal schools. From the class of 1926, eight went to college, four to normal school. From the class of 1927, fifteen went to college, four to normal schools, two to special schools. From the class of 1928, three went to college, four to normal schools and one to special school.

The superintendent and headmaster of each high school, from which pupils have entered college, receive at the end of the first semester, the college standing of all pupils from their school in the Freshman class at that time. After the first semester the colleges do not hold high schools responsible for the failure of any pupil.

The reports from the colleges concerning the 44 graduates of Franklin High School, who have entered college in the past five years, show the following facts:

Only three have failed and been dropped from college at end of first half year.

The subjects failed during the first half year for the five year period were as follows:

3 failed French	1 failed Physics
3 failed Mathematics	1 failed Latin
2 failed History	1 failed Evolution
2 failed Zoology	1 failed German
2 failed Chemistry	1 failed Shop Work
2 failed English	

Only five failed more than a single subject. A failure in any subject at end of first half year does not prevent passing that subject at the end of year.

Of the 29 who have entered normal schools, one failed a term's work in Geography, one failed a term's work in Arithmetic, both of whom made good the remainder of their course.

In the five year period we are considering, 1924-1928 inclusive, two graduates have failed to pass the College Entrance Board Examinations, each failing in two subjects.

This record, derived from official reports, is a remarkably satisfactory one and the more so when you consider two facts, viz: First, that outside the larger high schools with their large teaching force, which enables them to do it, no *special* effort is made to "fit for college" as less than 10 percent of high school graduates go to college. In the smaller high schools and many large ones, the curriculum is developed with reference to the 90 percent who never will

go to college, and then extra help is freely given by the teachers on extra time to those known to be planning a college course.

This we do in the Franklin High School. Unfortunately many pupils are not sure of going to college until late in their high school course, some as late as the senior year. This gives a very limited time for any special help.

The second fact to consider is: that because of the increasingly large number entering college and the consequent demand upon the college resources, a process of selection must be resorted to. Hence entrance requirements have been made more exacting and high class standing rigidly adhered to.

There never was a time when it was so difficult to get into college and remain there as at present and it will undoubtedly become more difficult in the years to come. The problem of the small high school is how to serve the best interests of the 90 percent who will not go to college and at the same time keep pace with the demands of college entrance, for the benefit of the few who will go to college. It is a real problem.

After considering the facts above mentioned without hesitation we say that the record of graduates of Franklin High School who have gone to college, normal or special school will compare very favorably with any other high school in the state.

The criticism sometimes heard that our high school does not properly "fit for college" in view of above data, is, it seems to me, made without knowledge of facts and contrary to evidence.

Teachers

There were twelve changes in the teaching force this year, nearly one-third of all the teachers; three at the high school, four in the Hancock, one in the Falls, one in the Nesmith and three in the junior high. Of the number leaving, two were married, seven accepted better positions in Massachusetts, and two entered upon other work. A new teacher on part time was added to the high school corps.

The work of the year has started very auspiciously.

At the present writing we feel that we have been very fortunate in the selection of the new teachers.

It may be of interest to know the preparation and length of service of the teaching corps in Franklin schools. The following table gives the data:

Names of Teachers	Residence	School	Preparation	Teaching Experience
*Betz, Edwin	Whitefield, N. H.	High	N. H. Univ. '29	0

* New Teachers

Pupils and Courses

The number of pupils taking the various courses in junior high school is as follows:

College Preparatory Course	83
Commercial Course	122
Domestic Arts Course	74
Mechanic Arts Course	120

The number in high school is as follows:

College Preparatory Course	39
Commercial Course	31
Mechanic Arts Course	48
Domestic Arts Course	40

The total number of ninth grade junior high, (the first year the classes select definite courses) and the high school grades would be:

College Preparatory	59
Domestic Arts	45
Commercial	52
Mechanic Arts	76

It will be noted that the courses have no large variation in enrollment. The Mechanic Arts Course has the most, which might be expected in a manufacturing community.

Thrift

This year, school banking was inaugurated by the very courteous aid of the Franklin Savings Bank.

December 10th, 1929 there were 683 pupils having deposit accounts at the bank, 79 percent of the total attendance of pupils on that date.

This is a good showing.

The Morrison School has had 100 percent deposits for several months—every pupil depositing something each week.

From the educational standpoint the object of school banking is to develop the *habit* of thrift; the number of pupils depositing is of more importance than the *amount* deposited.

Athletics

The athletic interests of the school are represented by Baseball, Football, Track, Basketball and Field Hockey.

The boys are taking part in the first four sports mentioned; the girls in the last two.

The number of high school boys actually taking part in one or more of the sports mentioned above in the year 1929 was:

Basketball	38
Baseball	17
Football	24
Track	27
	<hr/>
	106

There were 65 different boys in this number. This number applies only to those boys out to make the first team in the various sports. In addition to these there were 94 (including 9th grade) who have received coaching in like interclass sports.

The number of girls in Hockey and Basketball was:

Hockey	23
Basketball	43

The per capita cost for coaching the boys in all sports was \$8.75; for coaching the girls in basketball was \$3.74.

There was no expense for coaching the hockey team as Mr. Henry Proulx, because of his interest in the game and his generosity, freely gave of his time and developed a good team.

Until the hockey game is better known the paid attendance at games will continue to be too small to pay expenses.

The girls' basket ball team has practically paid its own running expenses. The boys' athletics this last year more than paid expenses largely because of heavy receipts from Laconia games.

In addition to the so-called "coached-sports" physical culture training is being given to all the boys and girls below high school. At the present time this means 646 pupils are receiving the benefits of such training at a per capita cost of \$1.04.

The athletic association is free from debt for the first time for more than ten years.

This is due to the careful management of the graduate managers and to the School Bazaar planned by Headmaster Kendall and so enthusiastically received and engaged in and successfully completed by the student body as a whole. Much credit is due all who had any part in making the bazaar a success.

Athletic Association

The following is a summarized report of the graduate managers, (the itemized report being on file in the records of the School Board).

Franklin High School Athletic Association

Receipts

Balance on hand April 1, 1929		\$39 41
Received from baseball games.....	\$303 66	
Received from baseball benefit	41 45	
Received from Rotary Club	62 75	
Received from Marguerite T. Clifford	5 00	
Received from football games	620 78	
Received from hockey games	18 57	
Received from Bazaar	283 02	
		<hr/>
		\$1,335 23
Total Receipts		<hr/>
		\$1,374 64

Expenditures

Guaranties to visiting teams	\$255 00	
Officials	151 00	
Transportation	99 55	
Equipment (including bills long standing)	543 34	
Miscellaneous bills	214 41	
		\$1,263 30
Balance		111 34
		<hr/> \$1,374 64

This statement covers all activities of the F. H. S. A. A. from April 1 to December 27, 1929.

The Athletic Association is free from debt and all bills paid.

WM. A. DUSSAULT,
W. EARLE GOSS,
Graduate Managers.

Finances

We have been able to keep within our budget limit this year and pay all bills. The expenditure for repairs, books and supplies and transportation this year, as always, is large.

The policy of equipping a school room each year with modern furniture has been carried out this year by partially equipping the high school main room with a type of chair-desk capable of doubling the seating capacity of the room when required.

The high school roof, a source of much expense in the past ten years, half of which was resurfaced last year, has this year been an expense of over \$300.00 in having the remaining half repaired, and is now guaranteed against leaking for ten years.

Additional machines, costing \$800.00, have been added to the machine shop to meet the demands of this fast growing department.

The other expenses of the school have varied but little, if any, from the usual demands. The new construction principally has been the preparing of a music room for the

musical organizations and a dressing room for the athletic teams at the high school, and installing shower baths at both high and junior high schools.

I insert the percentage cost of all expenses for the year 1929. For each \$100 expended:

\$60.36 was for teachers' salaries.

\$14.97 was for operation and maintenance of school plant (janitors, fuel, light and power, janitors' supplies and repairs.)

\$7.12 was for auxiliary agencies (transportation, health, playground, etc.)

\$5.22 was for administration (Superintendent's salary, per capita tax, truant officers, enumeration and office expenses.)

\$4.93 was for equipment and new construction.

\$6.30 was for books and supplies.

\$1.10 was for insurance.

The total per pupil cost of Elementary Schools in Franklin 1928-29 was \$75.91.

The median cost in the state was \$83.35.

The total per pupil cost in the high school in Franklin was \$125.50. In the state the median was \$136.10.

The cost per pupil, (all expenses) in high and elementary schools taken together in Franklin was \$92.47. In the state the average was \$96.37.

The current cost of education per \$1000 of equalized valuation in Franklin, 1928-29, was \$7.59. There were 57 places in the state paying less, 186 paying more. These figures speak for themselves as to the economical expenditure of school money in Franklin as compared with the average of the state.

Conclusion

Through the courtesy of the School Board, the superintendent was enabled to attend the National Superintendents Meeting in Cleveland last February and Summer School at Boston University during July and August.

I wish here to express my appreciation to you for this opportunity and privilege.

I feel that I am a better superintendent for having gone, and I trust that my going has resulted in more profitable help to the teachers and a better and more progressive school morale.

The year has been one of progress in kind of teaching done, in results obtained and in a better conception of what education is and what real teaching is.

I wish to thank you and all the teachers for the co-operation of the past year.

Respectfully submitted,

FRED S. LIBBEY,

Superintendent of Schools.

ANNUAL REPORT OF THE HEADMASTER, 1929

To the Superintendent of Schools:

I herewith submit my third annual report as headmaster of the Franklin Senior High School. It is divided into five sections: enrollment, graduates of 1929, requirements for graduation, teaching staff, and pupils.

Enrollment

The enrollment in the senior high school has varied very little during the past three years. At this date in 1927-28, there were enrolled 151; in 1928-29, 160; in the current year, 158. Of the 158 attending high school at present, eighteen are pupils from towns which do not support high schools. Their tuition is paid by the towns in which they live. The exact distribution according to classes is as follows:

	Boys	Girls	Total
Grade X	28	31	59
Grade XI	21	23	44
Grade XII	20	35	55
	<hr/> 69	<hr/> 89	<hr/> 158

Four pupils have left school since September first. One boy moved to another town, and two boys and one girl have left to seek employment. Not included in this list are those who left school from January 1, 1929, to September 1, 1929. This group is shown in the table below.

	Boys	Girls	Total
Grade X	4	4	8
Grade XI	2	2	4
Grade XII	0	1	1
	<hr/> 6	<hr/> 7	<hr/> 13

The Class of 1929

In addition to a consideration of those who leave school before the completion of their courses, it is well also to consider those who have been graduated during the year. Our class of 1929 consisted of twenty-three girls and nineteen boys. Four of the girls are attending Normal school, one has entered preparatory school, and one has enrolled in business college. Six are engaged in office work, four are employed as clerks in stores, and six are at home, or are similarly engaged. Two boys are at normal school, one is doing further work at preparatory school, ten are in college, three are working in local mills, and three are employed by other local concerns. Summarizing, and comparing with the figures for all the graduates of public high schools in New Hampshire in 1928, we have

	42 graduates of F. H. S., 1929 %	2499 graduates in N. H., 1928 %
Entering college, or normal school,	38.0	27.0
Studying in institutions other than college or normal school,	4.0	19.8
Store and office,	19.0	18.5
Factory and trade,	9.5	8.1
Other employment,	7.2	4.6
At home,	14.2	10.6

Comparisons of this sort, when used over a period of years and when interpreted in the light of local conditions, make it possible for us to discover how our school stands in relation to others in the state as to the occupations of our graduates. For a small school the variation is great from year to year, and the percentages shown here for Franklin High School would be very different from those of 1928, or 1930.

Requirements for Graduation

It is unfortunate that many parents are unfamiliar with the nature, quality, and quantity of work required of the boy or girl who wishes to be graduated by the high school. A pupil should each year carry and pass subjects amounting to four units of credit. A unit credit is given for any prepared subject which comes five times a week throughout the year. For example. A pupil in Grade Ten might take English, French, Latin, and Plane Geometry. Each class is held daily, and at the close of the school year one unit would be given for each of these subjects in which a mark of 70% or better has been earned. Thus a pupil passing all subjects would receive four units for the year's work, or a total of twelve for three years. Some subjects, such as typing and mechanic arts which require no outside preparation, receive only half as much credit as subjects which demand home study. However, all curricula make provision for these differences.

Unless this total of twelve units of work has been completed, including such courses as are required by the laws of the state plus five units of 9th grade work—seventeen in all—a diploma may not be given by the school. The complete record of each pupil is sent to the State Board of Education at Concord and is there carefully checked. Approval of the high school for the ensuing year depends upon careful adherence to the Program of Studies as approved by the State Department of Education.

The requirement for graduation at Franklin High School is essentially the same as for any other high school in the state, and not greatly different from that of any other high school in the country.

Teaching Staff

Three changes have been made in the teaching staff of the high school since the last annual report. Mr. Charles J. Bridey, a graduate of Boston College, has been employed as a teacher and coach; Miss Marion F. Marsh,

a graduate of the University of Maine, replaces Miss Caroline Wells as a teacher of English. Miss Wells resigned to do graduate work at Yale University. Mr. Edwin Betz, a recent graduate of the University of New Hampshire, succeeds Mr. Walter Pierce as teacher of sciences.

Pupils

The enrollment in the various classes is shown elsewhere in this report, and as mentioned there, varies little from year to year. The girls attending high school outnumber the boys, and they also do a much finer grade of work than the boys. For the first half of the fall term the average mark of all girls for all subjects was approximately 80.7%, with only nine subject failures, while the average mark for all boys was about 74.2%, with 44 subject failures. This difference is not due to inferior ability on the part of the boys, but is the result of a lack of application. Conferences indicate that few parents require any home study of their boys, and we know that few boys will study voluntarily. Girls are naturally more conscientious and as a rule, do excellent and regular work without constant supervision. The studious boy in public high school is so rare as to be remarkable. While scholarship in itself is worthwhile, the importance of daily home study lies not in the marks attained, but in the formation of the habit of study.

Conclusion

School is a workshop. Each worker should arrive on time, do a fair day's work every day, and constantly strive to improve the quality of his workmanship. The shop should provide a comfortable and well-equipped place for work; its foremen should be strict, but just and understanding men and women, demanding full measure from each and every workman, according to his or her ability.

This is an ideal. It is possible of attainment, but depending as it does upon human nature for its achievement, it is not easy to secure. Parents, citizens, pupils, teachers, and school boards must realize that a good school is a community project, and only as all work together for the common good can we produce a school of which the city may be justly proud.

Respectfully submitted,

RAYMOND L. KENDALL,

Headmaster.

December 30, 1929.

REPORT OF PRINCIPAL OF DANIELL JUNIOR HIGH SCHOOL

To the Superintendent of Schools:

I hereby submit the seventh annual report of the junior high school.

From year to year there can be little or no change in this report until new projects are launched, a larger building program is instituted or our curriculum is expanded into much needed fields.

Therefore I will not recount statistics of enrollment, curricula, teaching staff and various school activities but refer you to the very excellent reports of Superintendent Libbey, Headmaster Kendall, the special teachers and school nurse. This report will deal entirely with our report cards and the methods employed in grading each pupil.

Our problem in the school is much the same as in the home. The mother can tell which of her children does his allotted tasks thoroughly, carefully, on time and with little or no urging. If she should keep a chart or report card she could in a more or less accurate manner grade her child excellent, good, fair, poor or a failure in the performance

of his duties and no two children in the family could receive the same grade for the identical tasks. Why? Because each person, child or grown-up, has his own individuality, his own abilities, his own handicaps—call it all his own personality, if you will.

In my report for last year I tried to explain the change in marking by eliminating as much as possible the use of percents and the reasons for so doing. Again this year I want to state that all engaged in direct contact with school work realize it is next to impossible to measure the mind and its abilities in percents or letters or any other chosen method but some tangible record is demanded by parents and advanced schools and colleges.

The purpose of a report card is not to check up on the amount of the prescribed course of study which has been accomplished, the number of facts learned from this or that text nor the number of projects finished in sewing or shop classes but it is primarily a measure of the child's growth through intelligent use of the tools placed in his hands.

The entire curriculum with its various complexities and the report cards have been planned with these purposes in view—the training of character and development of habits of industry.

Let us explain what the letters which are our symbols of marking mean to us who grade the pupils. All pupils covet E which stands for superior work. Often parents and pupils are sure such work is being done all the time and are grim with disappointment when no E appears on the card. To attain such a grade means all the daily work done in a superior manner with an excellent attitude toward work and workers. In school as in every other walk in life, professional or industrial the skilled workers of unusual ability are few. However every pupil may attain the coveted E in deportment, effort, citizenship and wholesome attitude if he will. After all, those qualities are the foundation of all our living and with superior effort on the part of the pupil to attain the goal in those things all subject matter will take care of itself. Therefore E means superior ability, effort and accomplishment of daily routine duties.

The G group of pupils is made up of those whose work is above the average but not of superior quality.

As we look about us in offices, stores, shops, mills and in our representative professions we find few in the E and G group but very many in the average or F group. In school it is the same, the largest number of pupils is always in this middle group. There may be innumerable reasons for this which we can never know. Health, environment, handicaps of various kinds, and inherited tendencies tend to put the majority of us into the group designated as average or fair.

This year we have used P to denote the work of the pupils as just passing. It is the danger-line. It denotes the required passing grade of 70 percent which has been adopted by our School Board. Promotion is endangered by such a low grade and every possible means is taken to raise the mark. In this group we usually find two classes of pupils—those who are indifferent and are content to just get by and the patient, plodding, diligent children whose abilities lie in subjects or projects which we are as yet unable to offer them. The junior high school staff feels that this last group should have every consideration and we stress for them the E qualities mentioned earlier in this report—deportment, effort, citizenship and attitude.

Our failures are where we are concentrating both mind and effort, for behind each failure is some reason. In remedial recitation and written work we are paying little or no attention to correct answers but are trying to help each pupil correct his failure. Each teacher looks at each x on the card and asks herself or himself this question, "Is this my failure or is this the pupil's failure?" This, followed by an honest self-inspection and a conference with the pupil aids in the reduction of failures. It has been proved by present day educators that failures in any school system should be very few and that pupils retarded one or two years through failure seldom improve during their second year in a grade. Therefore we are trying through every agency we can possibly command to give every pupil what is for his best good after his school days are ended.

I hope you will be interested to know how we go about the marking of report cards. Each teacher keeps her own record book in her own way using the letters of the report card for her scale. She puts upon the card the mark earned in her particular subject, then all cards are sent to the principal who in turn checks every failure and every questionable grade. This is followed by conferences with teachers and consultation of data which we have—intelligence tests, questionnaires, character cards, etc.

When all subjects have been marked we have either one six hour teachers' meeting or several shorter ones and together go through every card. Deportment, effort, citizenship and the qualities found on the right hand side of the card are marked by the principal upon majority vote of the staff. Throughout this process notes are made for the benefit of parents and pupils.

Cards are again returned to the principal and from them parents are notified of the failures and their reasons so far as we can see them.

Each class is met by the principal, cards given out, looked over together, talked over and any marks explained that the child doesn't understand.

The next important step in our reports is the interview with parents. We feel that the majority of parents have been extremely helpful in their interest, cooperation and information regarding their children and without these conferences the pupils would not be given all that is their due.

Finally comes the "tower-room" conference with the pupil, from which both child and principal come with better understanding and friendliness.

The qualities of citizenship listed upon the right hand side of the card are stressed very strongly with junior high school pupils. Adolescents are bound to have many trying and strange characteristics make their appearance at this time. They are also very impressionable at this age and by a systematic checking of some of their outstanding qualities we hope to develop personal honesty, industry and pride in one's accomplishment.

The report card is the pupil's mirror and pay roll in that he may see himself as he appears to others and receives in so far as is possible that which he has earned.

Again this year I put in a plea for an arts and crafts teacher. We have large groups in our three classes whose future depends on some such directed hand work. We can hardly afford not to have such a teacher in a system the size of ours.

In closing my report let me express the appreciation of the junior high school staff for the helpful cooperation of the School Board, Superintendent Libbey, Mrs. Provost, Mrs. Watts and Mrs. Welch.

Respectfully submitted,

BESSIE C. ROWELL, Principal.

REPORT OF MUSIC SUPERVISOR

Superintendent Fred S. Libbey:

I herewith submit my thirteenth annual report as music supervisor of the public schools of Franklin.

After asking for a music room in three yearly reports, the music room was made ready during the summer and with the opening of the fall term all was in readiness for work including piano, which was a gift. Here, orchestra practice, piano class work and assemblies for various branches of our music work are carried on.

No changes in the general singing work throughout the school system have taken place this year. This fall, piano classes are in progress and doing good work, both in the Nesmith school and the Falls school.

Many demands from outside come to the music department, and the following is a list of the past year's activities.

"Conservation of the Wild Flowers"—D. A. R., April 9th, which was repeated for the Teachers' Institute held in Franklin, April 18th. This was directed by Miss Brown and given by pupils from the Hancock school. At this same Institute the Senior High School Orchestra played and a group from both the boys' and girls' glee clubs at Junior High School sang. This same group sang for a State Grange meeting held in Franklin, May 6th.

On May 7th, the orchestra played for the meeting of State Fire Wardens being held in Franklin.

On May 11th, the orchestra entered the first State Band and Orchestra Contest held in Laconia.

May 27th, the annual spring concert took place at which time the school band, orchestra and Senior and Junior High School choruses gave the program. The Junior High School chorus sang "The Mound Builders," by Paul Bliss and the Senior High School chorus sang "The Village Blacksmith."

This fall a small group of the orchestra from Senior High School furnished music for the annual Woman's Club play. The Junior High School Girls' Glee Club sang a short program the opening afternoon of the Grange fair, and also for a Parent-Teacher meeting. This Christmas time a Nativity play, "There Was One Who Gave a Lamb," was presented by the combined Boys' and Girls' Glee Clubs of Junior High School. It was given twice, and is by far one of the best things we have ever attempted for public schools.

The second State Band and Orchestra contest is to be held in Concord early in May. It is planned to include Glee Clubs also and it is hoped that Franklin may have some one or two groups to send at that time.

In closing, may I thank the Superintendent, Board of Education, and every teacher for splendid cooperation, without which, the music activities could not go on as pleasantly as they have.

Respectfully submitted,

ESTELLE C. WATTS,

Supervisor of Public School Music.

December 30, 1929.

REPORT OF SUPERVISOR OF PENMANSHIP

Superintendent Fred S. Libbey:

During the past year, the first six grades in our schools have had daily writing lessons, one lesson a week given by the supervisor, and the others by the teachers from a plan of the week's work left in each room. The results have, I think, been quite satisfactory, although the constant changes in the teaching force make necessary many periods of readjustment, which must come when-

ever there is a new teacher. One difficult part of the work of a supervisor of any subject is to keep for the pupils an even, progressive course, despite any changes in teachers.

Our sixth grades are, I think, writing well, showing the result of six years of systematic training. We are trying this year to specialize on letter writing, and have already sent to a sixth grade in a neighboring town, a set of very interesting letters, which will be answered by those pupils during the coming term. We shall do considerable letter-writing this winter, hoping it will help in the letters they may write at home. There are in the first six grades about 421 pupils who are taking daily writing lessons.

In the seventh grade one lesson a week is allowed. This serves mostly to check up the writing which is being done, and to hold it up to the highest possible standard. Most of the real writing work in the Junior High School must necessarily be done by the teachers and the pupils themselves. We try in the sixth grades to train the boys and girls to be self-reliant, to criticise their own writing, and to know what they are expected to do. The Commercial class of the ninth grade has one lesson a week, and is writing well. These girls have a keen interest in their writing as a practical subject. In the Junior High School 111 pupils are having one lesson a week. The remainder of the school has no formal writing instruction.

I feel strongly that the weak spot in our writing program is in the follow-up work, after the lessons have stopped; especially in the High School where no special training in writing is given. I hope that, when it is possible, credit may be given for excellence in writing, and that pupils whose writing is below the standard may be given help. Many of the pupils could do better work if sufficient importance were given to writing as a subject, and sufficient incentive given to produce the best writing possible.

I have found among the teachers with whom I have worked during the past year, a growing interest in writing, and I appreciate the the earnest work done by them, as well as the cooperation of the Superintendent and the Board of Education.

Respectfully submitted,

HELEN P. WELCH,

Supervisor of Writing.

December 30, 1929.

REPORT OF SCHOOL NURSE'

Mr. Fred S. Libbey, Superintendent of Schools:

I herewith submit the annual report on Medical Inspection for 1929.

Public Schools

Weighed and measured, 779.

Defects:

Defective teeth	169
Enlarged tonsils	25
Adenoids	9
Defective vision	23
Defective hearing	2
Skin disease	9
Nervous disease	2
Orthopedic defects	3
Cardiac disease	1
Pediculosis	4

Treatment secured:

Teeth	62
Tonsils	12
Adenoids	3
Vision	7
Skin disease	9
Orthopedic	3
Pediculosis	4
Nervous disease	1

St. Mary's

Weighed and measured, 440.

Defects:

Defective teeth	186
Enlarged tonsils	28
Adenoids	6
Defective vision	39
Defective hearing	4
Skin disease	5
Orthopedic defects	4
Pediculosis	4
Enlarged glands	3

Treatment secured:

Teeth	93
Tonsils	6
Adenoids	4
Vision	4
Skin disease	5
Orthopedic	4
Pediculosis	4

Three clinics for removal of tonsils and adenoids were held at the Franklin Hospital. This was done through the cooperation of several of the physicians in the city working with Dr. Amsden of Concord. One clinic under Dr. Kerr, which was held in the Red Cross rooms, was attended by seventeen school children.

Practical work in First Aid and bed making was done by the Girl Scouts of Junior High and also by the Senior class in Domestic Arts, under the direction of the nurse.

The children of the Nesmith Kindergarten are having milk at recess again this year and some of the Falls Kindergarten are bringing milk from home. The usual number of Social Welfare cases have been taken care of through the Red Cross Social Welfare Service.

I take this opportunity to thank you, the teachers, doctors and all others for their cooperation.

Respectfully submitted,

ANNIE R. PROVOST, R. N.,

School Nurse.

SCHOLARSHIP FUNDS

SANGER SCHOLARSHIP

Resolved by the Board of Education of Franklin:

Whereas, Warren F. Daniell has by his written communication addressed to the Board of Education, expressed his intention of establishing a free scholarship for graduates of the Franklin High School in Simmons College in honor of his mother, and to be known as the "Sanger Scholarship," and agreeing to pay annually a sum sufficient to pay the costs of tuition for one student for four years in any of the courses described in the catalogue of the College, and

Whereas, a student to be awarded this scholarship must comply with the following regulations: First, she must have completed four years' satisfactory work at the Franklin High School; second, her parents must reside in Franklin; third, the student's parents must be unable without undue deprivation to pay the tuition themselves.

Be it Resolved: That the Board of Education of the City of Franklin fully appreciate the spirit that prompted Mr. Daniell to establish this scholarship for the benefit of the young women of said city, thereby creating an additional incentive for higher educational advantages: and

Be it further Resolved: That said Board of Education willingly accepts said trust: and

Be it further Resolved: That a permanent Committee on Scholarship shall be established to consist of the Chairman of the Board of Education, the Superintendent of Schools and the Headmaster of the High School of said city, and

Be it further Resolved: That this resolution shall be printed annually in the school report of said Board.

FRANKLIN STUDENT AID FUND

To the Mayor and Members of the City Council, Franklin, N. H.:

In June, 1921, I placed with Dartmouth College at Hanover, N. H., a fund of \$2,500.00—the income from which I wished to be used to assist under certain conditions students at that institution who were residents of this city.

It was found incompatible with the methods of disposing of the funds at Dartmouth College, to handle this fund under the conditions which I wished to impose—and for that reason I have transferred this sum from Dartmouth College to the City of Franklin.

I am attaching herewith the securities representing the fund together with a statement of the methods I wish followed in disposing of the income from the fund.

Respectfully yours,

WALTER F. DUFFY.

FRANKLIN STUDENT AID FUND

Established by Walter F. Duffy, June, 1921.

A sum of \$2,500.00 is entrusted to the City of Franklin, N. H., the income from which is to be used to assist worthy boys and girls, residents of this city, to secure a collegiate education or its equivalent.

The recipients of the income from this fund are to be selected by a board of three consisting of the Chairman of the Board of Education, Superintendent of Schools and Principal of the High School of the City of Franklin, N. H.

The income from this fund is to be disposed of under the following fixed conditions:—

I. Scholarship

A student must attain such satisfactory standing in studies as to make it apparent to the authorities of the institution of learning where he attends, that it is advisable that the student pursue his studies and that he is on this account worthy of financial aid.

II. Financial Needs

It is to be required that the students who receive benefit from this fund shall be obliged, through lack of family financial resources, to earn at least a substantial part of the money necessary to meet the expenses of their attendance upon their studies.

III. General Restrictions

It is to be understood that in allotting the proceeds of the fund, preference is to be given to students at Dartmouth College, Hanover, N. H., who are residents of the City of Franklin, N. H. If no such students apply for the benefits of this fund, then the income can be used to assist any boys or girls who are residents of the City of Franklin, N. H., and who are pursuing a course of studies in any institution of learning giving a collegiate education or its equivalent, provided that the first two conditions covering the disposition of the benefits of this fund are fulfilled.

It is also to be understood that the income from this fund may be divided between two or more students, and that any students who receive financial aid from the institutions of learning where they attend are not thereby prevented from receiving aid from this fund.

If no students fulfilling the above requirements apply for the benefit of this fund the proceeds may be used as they accrue each year as seems best to the three persons mentioned above for the general educational good of the citizens of Franklin, N. H.

DANIELL SCHOLARSHIP

In the year of our Lord one thousand nine hundred and fourteen.

A resolution relating to the "Daniell Scholarship."

Resolved by the City Council of the City of Franklin, as follows:

Whereas, Jere R. Daniell of New London, Connecticut, on the second day of April, 1914, by his written communication of that date, addressed to the Mayor and Council of the City of Franklin, expressed his intention of establishing a free scholarship for graduates of the Franklin High School to the Massachusetts Institute of Technology, in memory of his father, the late Warren F. Daniell, and to be known as the "Daniell Scholarship," and together with his letter of the 16th of May, 1914, in which he agreed to give the sum of two hundred and fifty dollars each and every year, hereafter, beginning September 1st, 1914, to cover the cost of tuition for one student for four years in any one of the courses described in the catalogue of the Institute, and,

That a student to be awarded this scholarship, in whole or in part, must comply with the following named conditions:

First. He must have completed four years' satisfactory work at the Franklin High School.

Second. His parents or parent must reside in Franklin, and be unable without undue deprivation, to pay the tuition required themselves.

Third. He must show during his four years' work at the High School, marked ability in some one of the several subjects covered by the Institute courses.

In case several candidates present themselves in any one year, the scholarship will be awarded by competition in the entrance examinations for the Institute. The candidate entering with highest standing to receive the award.

A holder of the scholarship will be expected to maintain the same standard of work at the Institute as that required of holders of regular Institute Scholarships and the scholarship will be withdrawn in case the work is unsatisfactory.

The right is reserved to divide the amount of the scholarship among several applicants should such action seem desirable.

Be it Resolved, That the City of Franklin fully appreciates the spirit that prompted Mr. Daniell to establish this scholarship for the benefit of the young men of said city, thereby creating an additional incentive for higher educational advantages in those who through misfortune or adversity would otherwise be prevented from obtaining the same; and

Be it further Resolved, That said City willingly accepts said trust, and does hereby direct that the annual payment of the sum of two hundred and fifty dollars shall be made to the City Treasurer, who shall pay the annual tuition of said student or students upon the presentation of the bill for same by the Bureau of the Institute, and,

Be it further Resolved, That a permanent Committee on Scholarship shall be established to consist of the chairman of the Board of Education, the Superintendent of Schools and the Principal of the High School of said City of Franklin, and

Be it further Resolved, That this resolution shall annually be printed in the reports of said city.

Approved, W. W. EDWARDS, Mayor.

Passed June 1, 1914.

RESOLUTIONS

In the year of our Lord one thousand nine hundred and twenty-nine.

A resolution relating to the appointment of the Standing Committees of the Council.

Resolved by the City Council of the City of Franklin as follows:

That the Mayor be authorized to appoint the following Standing Committees of the Council to consist of three members each:

- Highways
- Sewers .
- Fire Department
- Police
- Schools
- Public Lands and Buildings
- Ordinances
- Street Lighting
- Cemeteries
- Claims

Finance, to consist of the Mayor and two members of the Council.

Passed January 7, 1929.

Approved, DENNIS E. SULLIVAN, *Mayor*.

In the year of our Lord one thousand nine hundred and twenty-nine.

A resolution relating to the weekly pay rolls.

Resolved by the City Council of the City of Franklin, as follows:

That the Mayor be and hereby is authorized to draw his draft each week for the payment of the weekly pay roll of the highway, sewer and other departments where weekly payment is required.

Passed January 7, 1929.

Approved, DENNIS E. SULLIVAN, Mayor.

In the year of our Lord one thousand nine hundred and twenty-nine.

A resolution relating to hiring money.

Resolved by the City Council of the City of Franklin, as follows:

That the Mayor and City Treasurer for the time being, are authorized to hire money to pay the current expenses of the several departments, and any outstanding notes, bonds, or evidences of debt of the city becoming due, and to give promissory notes of the City therefor.

Passed January 7, 1929.

Approved, DENNIS E. SULLIVAN, Mayor.

In the year of our Lord one thousand nine hundred and twenty-nine.

A resolution relating to the death of Highway Commissioner James C. Nowell.

Resolved by the City Council of the City of Franklin, as follows:

That in the death of Highway Commissioner James C. Nowell our city government has lost an able and honored public servant.

Mr. Nowell's many years' service as Highway Commissioner reflect his keen ability and excellent judgment in highway matters. He was particularly adapted to carry on his work because of his expert knowledge of all matters pertaining to highway affairs and also because of the pleasant manner in which he supervised the workmen under him.

His ability was not only recognized by the citizens of Franklin, but also by the State Highway officials and other citizens of the State who had occasion to consult him at different times.

The City Government desires to join with the bereaved family in expressing its sorrow and sympathy.

DENNIS E. SULLIVAN, Mayor,
ALPHONSE LEGACE,
BLAND C. REDMAN,

Committee on Resolutions.

Authorized by vote of the Council, March 4, 1929.

Approved, DENNIS E. SULLIVAN, *Mayor*.

In the year of our Lord one thousand nine hundred and twenty-nine.

A resolution relating to the discount in the collection of taxes.

Resolved by the City Council of the City of Franklin, as follows:

That in the collection of taxes the tax collector be authorized and directed to make the following discount:

Upon all taxes paid on or before August 1, two percent, and the collector shall give notice to all persons whose poll tax remains unpaid September 1, and if same is not paid in fourteen days thereafter, twenty cents shall be added.

Passed March 4, 1929.

Approved, DENNIS E. SULLIVAN, *Mayor*.

In the year of our Lord one thousand nine hundred and twenty-nine.

A resolution relating to Road Improvement Bonds.

Resolved by the City Council of the City of Franklin, New Hampshire,

That for the purpose of constructing approximately three and two-tenths (3.2) miles of cement road within the City on the highway from Franklin to Hill, and for the construction and repair of road on South Main Street at the Boston & Maine Railroad underpass including rebuilding and enlarging said underpass, the sum of forty thousand (40,000) dollars be and is hereby appropriated and for the purpose of raising said amount for said permanent road improvements, under authority of and in compliance with the Municipal Bonds Statute, the Mayor and Treasurer are hereby authorized to prepare, issue and sell with the approval of the Finance Committee bonds of the City of Franklin in the aggregate principal amount of \$40,000 dated July 1, 1929, payable \$2,000 on the first day of July each year 1930 to 1949 inclusive, in coupon form payable to bearer, bearing the city seal, signed by the Mayor and countersigned by the City Treasurer. Said bonds shall bear interest at the rate of four and one-half ($4\frac{1}{2}$) per cent per annum payable semi-annually January 1 and July 1, shall be in the denomination of \$1,000 each, shall be payable as to both principal and interest at the principal office of the First National Bank of Boston, in Boston, Massachusetts, or at holder's option at the office of the City Treasurer, shall bear the certificate of said The First National Bank of Boston and shall be in form substantially as provided in said Bonds Statute. The coupons annexed thereto shall bear the facsimile signature of the City Treasurer.

Adopted June 3, 1929.

Approved, DENNIS E. SULLIVAN, *Mayor*.

The foregoing resolution was read and adopted at the regular monthly meeting of the City Council, held on June 3, 1929. There were eight members of the City Council

present and one absent. A roll call resulted in the adoption of the resolution, unanimously.

A true copy of record, Attest:

IRVING V. GOSS, *City Clerk.*

In the year of our Lord one thousand nine hundred and twenty-nine.

A resolution relating to the appropriations for the year one thousand nine hundred and twenty-nine.

Passed June 17, 1929.

Approved, DENNIS E. SULLIVAN, *Mayor*.

In the year of our Lord one thousand nine hundred and twenty-nine.

A resolution relating to the death of City Clerk Irving V. Goss.

Resolved by the City Council of the City of Franklin, as follows:

That in the death of City Clerk Irving V. Goss our city government has lost an able and honored public servant.

As City Clerk and holder of other municipal offices, Mr. Goss rendered many years' service of inestimable value to the City and his untiring work and effort in municipal affairs stand out prominently in his life.

He was a man of unusually keen ability and his excellent judgment was relied upon with implicit faith by all those who were associated with him. His pleasant appearance and his desire to accommodate the public at all times will be remembered by the many citizens who came in contact with him at the City Hall. He will be greatly missed by the citizens of Franklin.

The City Government desires to join with the bereaved family in expressing its sorrow and sympathy.

DENNIS E. SULLIVAN, Mayor,
ALPHONSE LAGACE,
BLAND C. REDMAN,

Committee on Resolutions.

Authorized by vote of the Council, September 26, 1929.

Approved, DENNIS E. SULLIVAN, Mayor.

In the year of our Lord one thousand nine hundred and twenty-nine.

A resolution relating to raising money by taxation.

Resolved by the City Council of the City of Franklin, as follows:

That the sum of \$215,637.33 be raised by taxation the present year and that the assessors be instructed to assess for that amount as follows:

State Tax	\$21,091 20
County Tax	13,474 72
Public Library	4,500 00
School Money by Law	26,201 97
Bearing Money	3,575 44
Poll taxes	6,442 00
National Bank Tax	1,352 00
	<hr/>
	\$76,637 33

and the sum of \$139,000.00 to meet the current expenses provided for by the appropriations made and the same be appropriated with other revenues of the City to meet the same.

Passed October 7, 1929.

Approved, DENNIS E. SULLIVAN, *Mayor*.

In the year of our Lord one thousand nine hundred and twenty-nine.

A resolution relating to borrowing money for the purpose of paying for damage to Mack Fire Truck.

Resolved by the City Council of the City of Franklin, as follows:

That for the purpose of paying for damage to the Mack Fire Truck, caused by accident of September 26, 1928, that

the City borrow from the Franklin Savings Bank the sum of three thousand three hundred dollars (\$3,300 00) and issue its notes payable serially for that sum with interest at the rate of five (5) per cent per annum, that the Mayor and City Treasurer be and are hereby authorized to make, execute, sign and issue three notes of the City for one thousand one hundred dollars (\$1,100.00) each, payable serially, one each year, the first note due and payable November 1, 1930, and the proceeds of said notes are hereby appropriated to the payment of said fire truck damage.

Passed October 7, 1929.

Approved, DENNIS E. SULLIVAN, *Mayor*.

ORDINANCES

Relating to the Collection of Garbage

In the year of our Lord, one thousand nine hundred and sixteen.

Be it ordained by the City Council of the City of Franklin, as follows:

Section 1. The collection of garbage by the highway department of the city shall be made at the times and under the conditions herein set forth, and in no other manner.

Section 2. Weekly collections will be made each Saturday starting at seven a. m., at the Daniell bridge on Central street and continuing easterly to the Sanborn bridge, including Smith, Canal and Memorial streets, and Franklin street southerly from Central street to Ayles Court. Commencing at ten a. m. on each Saturday collections will be made on Main street.

Section 3. That on the first Tuesday of each month, collections will be made on Willow Hill, Bow street, Glenwood avenue, River street, Terrace street and Ward one; on Wednesday following, collections will be made on Franklin street and all streets westerly to River street, and on Myrtle, Pleasant, Oak, Orchard, Pine and Beech streets, Highland and Elm avenues; and on Thursday, collections will be made on Prospect street and all streets between Prospect and Franklin streets.

Section 4. It shall be the duty of all persons residing within the limits hereinbefore set forth who desire to have garbage or refuse matter removed by the city to place same in suitable receptacles that can be handled by two men, carefully separating all papers, tins, bottles and other materials from ashes, and placing them in separate receptacles. No garbage or refuse of any kind shall be put into the highway unless placed in receptacles, and all receptacles

shall be placed on the outer edge of the sidewalk, a reasonable period in advance of the time specified for collections.

Section 5. This ordinance shall take effect upon its passage.

Passed March 6, 1916.

Approved,

A. A. BEATON, *Mayor*.

Report of Committee on Street Lighting Relating to Poles and Wires of Telephone and Other Companies

To the Mayor and City Council of Franklin:

The Committee on street lighting to whom was referred the subject matter, relating to the wires and poles of telephone and other companies, having considered the same herewith file their report and recommend that the same be adopted, to wit:

1. That poles of every kind and description and all overhead wires of telephone or other companies on Central street, between the Daniell bridge, so-called and the Sanborn bridge, so-called, shall be removed on or before July 1st, 1916, and that all wires between said points on Central street shall hereafter be placed under ground, in accordance with such rules and regulations as shall be prescribed by the highway committee of said Franklin, with adequate provision made for installing by the city of such wires in the future as may be necessary for municipal purposes.

2. That the regulations now in force in said city relative to the erection of square poles by telephone and other companies, as adopted by said city, May 13, 1901, be and the same are hereby revoked as of July 1st, 1916, and that telephone and other companies on and after July 1st, 1916, may erect round, straight and painted poles on any street in said Franklin, other than on Central street between Daniell bridge so-called, and Sanborn bridge so-called, provided, such poles proposed to be erected and the location of the same, shall first meet with the written approval of the highway committee, said written approval to be filed with the City Clerk of said Franklin.

3. That the maintenance of United States mail boxes and fire alarm boxes are exempt from the provisions of the regulations hereinbefore set forth.

4. That this report shall be printed annually in the City Reports.

Respectfully submitted,

JOSEPH M. LORDEN,
ALVIN C. GILMAN,
P. J. CUNNINGHAM,

Committee on Street Lighting.

Approved,

D. E. DAVIS, *Mayor*.

An Ordinance Relating to Unloading and Loading Vehicles Near the Underpass on South Main Street.

In the year of our Lord, one thousand nine hundred and twenty-three.

Be it ordained by the City Council of the City of Franklin, as follows:

Section 1. It shall be unlawful for the driver of any motor truck or other vehicle to stop and unload or reload any part of his load within the limits of the highway within fifty feet on either side of the underpass on South Main Street in this city.

Section 2. Any person violating this ordinance shall be liable to a fine not exceeding ten dollars.

Passed May 7, 1923.

Approved,

L. H. DOUPHINETT, *Mayor*.

An Ordinance Relating to the Erection of Signs and Advertisements

In the year of our Lord, one thousand nine hundred and twenty-four.

Be it ordained by the City Council of the City of Franklin, as follows:

Section 1. No person shall place, establish or maintain any sign or advertisement over any part of any street, lane,

alley, or sidewalk, without first having obtained a permit therefor from the City Council and Chief Engineer of the Fire Department.

Section 2. Such sign or advertisement shall be safely and securely fixed and supported; shall not project over the sidewalk more than two (2) feet, and the owner shall assume all risks to the public caused by such signs.

Section 3. Persons applying for a permit to erect a sign or advertisement shall state its size and weight, the nature of the material of which it is to be constructed and the manner in which it is to be supported.

Section 4. Any person or corporation violating any of the provisions of this ordinance shall be liable to a fine not exceeding twenty dollars.

Section 5. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect upon its passage.

Passed April 7, 1924.

Approved, L. H. DOUPHINETT, *Mayor*.

An Ordinance Relating to the Regulation of Street Traffic

Be it ordained by the City Council of the City of Franklin, as follows:

ARTICLE I

Definitions

Section 1. The word "vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, and everything on wheels or runners excepting light carriages for the conveyance of children.

Section 2. The word "horse" herein shall include all domestic animals.

Section 3. The word "driver" herein shall include the rider, driver or leader of a horse, the rider of wheels and the operator of motor vehicles.

Section 4. The word "curb" herein shall mean the lateral boundaries of that portion of a street designated

for the use of vehicles whether marked by curb stone or not so marked.

Section 5. The words "intersecting way" herein shall mean any way which joins another at an angle whether or not it crosses the other.

Section 6. The word "crossing" herein shall mean a way for pedestrians to go from one side of a street to the other which is marked by a pavement or otherwise; also points bordering the intersection of streets not marked but which are commonly used to go from one side of a street to the other.

ARTICLE II

Vehicles in Motion

Section 1. A vehicle, except when passing a vehicle ahead, shall keep to the right and as near the right curb as possible.

Section 2. Vehicles meeting shall pass each other to the right.

Section 3. A vehicle overtaking another vehicle shall, in passing, keep to the left, but it shall not leave the line on the right unless there is a clear way to advance on the left.

Section 4. A vehicle turning to the right into another street shall turn the corner as near to the curb as possible.

Section 5. A vehicle turning to the left into another street shall pass to the right of and beyond the center of the intersection of the street before turning.

Section 6. A vehicle crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on that side of the street.

Section 7. Slow moving vehicles shall keep as close as possible to the curb on the right so as to allow fast moving vehicles free passage on the left.

Section 8. No driver of a vehicle shall allow the same to come within ten feet of any vehicle in front of him when approaching and passing over a crossing.

Section 9. The driver of any vehicle, before turning the corner of any street or turning out or starting from or stopping at the curb line of any street, shall first see

that there is sufficient space free from other vehicles so that such turn, stop or start may be made safely, and shall then give a plainly visible or audible signal.

Section 10. Every bicycle operated during the period of one-half hour after sunset to one-half hour before sunrise shall display one lighted lamp on the front.

ARTICLE III

Signals, Noises, Smoke and Traffic Signs

Section 1. Every driver of a vehicle shall, in slowing up, stopping, or backing, give a plainly visible or audible signal to show his intention.

Section 2. In turning while in motion or in starting to turn from a standstill, a signal shall be given by the driver of the vehicle about to be turned by raising a whip or hand indicating the direction in which the turn is to be made.

Section 3. The police department shall control all traffic in the streets or highways. Police officers may divert vehicular or pedestrian traffic when necessary to avoid congestion or to promote safety and convenience; and no person having charge of a vehicle shall refuse or neglect to stop or start or place the same as directed by a police officer.

Section 4. No person shall break, deface, or move any official sign, post sign, post or signal device placed in a highway for direction of traffic.

ARTICLE IV

Stopping, Standing and Turning

Section 1. No vehicle shall stop so as to interfere with or prevent the passing of pedestrians at crossings.

Section 2. On Central Street, between Memorial street and Prospect street, motor vehicles must park at an angle of about forty-five degrees or in accordance with the markings on the surface of the highway. On Franklin street between Central street and School street and on Memorial street and Smith street and on Central street between Memorial street and Main street, motor vehicles shall park with both right wheels close to the

curb. The City Marshal under the supervision of the highway committee may have lines drawn on the surface of the highway and have suitable signs erected for the direction of traffic.

Section 3. No vehicle shall stand within the intersection of a street nor within five feet of a fire hydrant nor within ten feet of a street curb corner.

Section 4. Unless in an emergency, or to allow another vehicle to cross its path, no vehicle shall stop in any public street except close to the curb line.

Section 5. When a horse drawn vehicle is backed up to the curb, the horse or horses shall be turned so as to stand as near parallel with the sidewalk as possible and headed in the general direction of traffic for the side of the street on which the vehicle is standing.

Section 6. No vehicle incapable of being turned without backing shall be turned about in any of the following streets: Central street between Prospect street and River street, Franklin street between Central street and School street, Main street between Depot street and Webster street and Smith and Memorial streets.

Section 7. No horse or vehicle shall be driven back or allowed to stand on any sidewalk.

Section 8. No vehicle carrying passengers or merchandise for hire shall park on Central street between Memorial and Prospect street nor on Franklin street between Central street and Church street longer than necessary to discharge and take passengers or load or unload merchandise. The City Marshal may assign such vehicle parking stations for their exclusive use.

ARTICLE V

Right of Way

Section 1. Police, Fire Department, United States Mail Vehicles, Ambulances, Funeral Processions and Emergency Repair Vehicles of Public Service Corporations shall have the right of way in any street.

Section 2. A person driving or controlling a vehicle waiting at the curb shall promptly give place to a vehicle about to take on or let off passengers.

Section 3. The driver of a vehicle, on approach of fire apparatus, shall immediately draw up said vehicle as near as practicable to the right hand curb and parallel thereto, and bring it to a stand still.

ARTICLE VI

Stealing Rides

Section 1. No person shall steal a ride upon any vehicle and no person shall ride upon the rear of any vehicle without the consent of the person in charge thereof.

ARTICLE VII

Penalties for Violation

Section 1. Any person violating any of the provisions herein contained shall be liable to a penalty not to exceed ten dollars for first offense, or not to exceed twenty dollars for any subsequent offense.

Section 2. Complaints against any person violating any of the provisions herein contained may be made at police headquarters or to any police officer. Copies of this ordinance may be obtained at police headquarters.

Section 3. The City Marshal may suspend any of these rules at any time if in his judgment it is wise to do so for the safety and convenience of the public.

ARTICLE VIII

Previous Ordinances Repealed

Section 1. All ordinances inconsistent herewith are repealed, and this ordinance shall take effect on passage.

Passed July 7, 1924.

Approved, L. H. DOUPHINETT, *Mayor*.

Attest: IRVING V. GOSS, *City Clerk*.

In the year of our Lord one thousand nine hundred and twenty-six.

An ordinance in amendment to the ordinance relating to inspection, sale and care of milk, skim-milk and cream

and the premises connected therewith, passed May 4, 1914, to be inserted between section 20 and 21.

Be it ordained by the City Council of the City of Franklin, as follows:

That all cattle producing milk or cream for the above mentioned purposes, for the City of Franklin, shall pass a satisfactory tuberculin test, as required by the State Department of Agriculture, on or after September 1, 1926. At the time of applying for a license the dealer shall file a certificate signed by a veterinarian approved by the Board of Health, stating that all cows in the herd or herds from which the milk is produced, have been tuberculin tested by him within one year and found to be free from tuberculosis, together with a detailed report of such tests.

Passed May 3, 1926.

Approved, ELMER D. KELLEY, Mayor.

Amendment to Ordinance Relating to Street Signs, Awnings and Trees.

Amendment to the City Ordinance in relation to Street Signs, Awnings and Trees adopted by the City Council, October 3, 1910.

Be it ordained by the City Council of the City of Franklin as follows: Said ordinance is hereby amended as follows:

Permission is hereby granted to Charles H. Bean to erect a canopy awning over the sidewalk on the North side of Central Street, opposite and South of the Pastime Theatre, said awning to be constructed of metal, to be twelve feet above the sidewalk, supported by iron posts, on condition that an electric light not less than sixty candle power is maintained by him therein so placed as to light the sidewalk and the entrance to the theatre during the night time.

Passed February 6, 1928.

Approved, W. EARLE GOSS, Mayor.

Relating to Stop Signs

In the year of our Lord one thousand nine hundred and twenty-nine.

Be it ordained by the City Council of the City of Franklin, as follows:

Section 1. In approaching the intersection of streets where stop signs are established, the driver of every vehicle shall bring his vehicle to a full stop immediately before entering such intersection. Stop signs installed in the future shall bring the intersections where they shall be installed under the provisions of this section upon publication and posting of this section as to the said intersections.

Section 2. The City Marshal and Police Committee shall have power as to designating the streets where these stop signs shall be posted.

Section 3. Any person violating this ordinance shall be fined \$10.00 and costs.

Section 4. This act to take effect upon its passage.

Adopted October 7, 1929.

Approved, DENNIS E. SULLIVAN, Mayor.

Relating to Keeping Roosters Within City Limits

In the year of our Lord one thousand nine hundred and twenty-nine.

Be it ordained by the City Council of the City of Franklin, as follows:

Section 1. That it shall be unlawful to keep or permit to be kept, roosters within the City limits.

Section 2. This Ordinance shall be under the supervision of the City Marshal and Police Committee, who shall have power to suspend it at their discretion.

Section 3. Any one violating this Ordinance shall be fined ten dollars (\$10.00).

Section 4. This Ordinance shall take effect upon its passage.

Passed November 4, 1929.

Approved, DENNIS E. SULLIVAN, *Mayor*.

Amendment to Article IV of the Present Ordinance Relating to Street Traffic

In the year of our Lord one thousand nine hundred and twenty-nine.

That a parking limit of two hours for autos be established between Prospect Street and Memorial Street on Central Street, and Franklin Street to Church Street, and that it also be provided that moving an auto or truck from one place to another within the restricted area shall not be deemed a compliance with this regulation.

Adopted July 1, 1929.

Approved, DENNIS E. SULLIVAN, *Mayor*.

Amendment to the Ordinance Relating to the Erection of Signs and Advertisements

In the year of our Lord, one thousand nine hundred and twenty-nine.

Section two of the ordinance relating to the erection of signs and advertisements is hereby amended to read as follows:

Section 2. Such sign or advertisement shall be safely and securely fixed and supported; shall not project over the city sidewalk more than four feet and shall not be less than eight feet from the ground, and the owner shall assume all risks to the public caused by such sign.

Passed November 4, 1929.

Approved, DENNIS E. SULLIVAN, *Mayor*.

AUDITOR'S REPORT
